Thank you one and all for making the holiday season so beautiful!

Your Help Is Needed...

Gail Lansbury has asked that each of us check the sidewalks in front of our property. She needs to know about any buckling or raised sidewalks. The City has asked that we gather all the information before calling them to come out and fix our sidewalks. Please call the Ventura Keys Voicemail to report any sidewalk that needs to be fixed.

The issue of constant barking dogs being a nuisance to neighbors has recently been brought to the Board's attention. We are asked to be considerate of our neighbors, particularly those across the water, as water has a way of magnifying sound. Contacting the dog-owner and making them aware of this is usually an effective way of resolving this problem.

New Playground Equipment Due to Arrive in Mid-April

Maria Angell, who headed the fundraising project for new beach playground equipment, announced that preparations are being made for the arrival of the playground equipment around the third week of April. The beach sand will be "fluffed up" and old equipment, benches and tables removed. Besides the playground equipment, new benches and tables will be installed at both beaches. This has all been made possible by the generous contributions of so many of the Keys residents.

The beaches can be reserved for parties. Extra insurance will be needed for the event. Any Ventura Keys resident interested in making reservations may call the Keys voicemail, (805)677-2601,

Keys Flags

The Keys Board is considering having a Burges made that would represent the Ventura Keys. These flags would be available for purchase for your boat or home. They should be ready by the Keys' annual barbecue on September 14th.
